

100 Grill Heel Proof

Linear evacuation by superficial drainage channels with grills.

These channels can be placed in flat open areas without digging limitations. Suitable for pedestrian areas.

Material: PVC.

Use: pedestrian draining grating for 100 channels.

Features:

- heel proof for a safer tread
- antislip knurled surface and chamfered draining section to avoid backwater and icing
- provided with coupling pins
- preset for screw fastening to the channel.

Durability: PVC specifications and structure design give this product a great resistance against atmospheric agents and ageing and ensure dimensional stability in time.
